## EDUCATION

American International University Bangladesh (AIUB)

Dhaka, Bangladesh

B.Sc. in CSE

CGPA: 3.49

## CAREER SUMMARY

I am seeking a challenging and rewarding career opportunity in a dynamic organization. As a motivated and enthusiastic professional, I have a keen interest in designing and developing modern applications. I am a creative problem-solver with a positive, can-do attitude, known for being a supportive and collaborative team player. I am committed to achieving company and client goals while continuously learning and growing in my field.

## SKILLS

- Programming: C++, JavaScript, TypeScript, NodeJs, Python.
- Frontend Technologies: HTML, CSS, React, Nextjs. Framework: NestJs, Django.
- Database: MySQL, SQL-based systems, PostgreSQL.
- Software Tools: Visual studio, Postman, Figma.
- Version Control: Git.
- Api Integration: Restful API, Third-party Api.
- Languages: Bangla (Fluent), English (Fluent).

## PROJECTS

### Weather App | [Link](#)

The Weather App provides real-time weather information, including forecasts and current conditions, with a user-friendly interface.

- Built the backend using Django for handling weather data and user requests.
- Designed the front end with HTML and CSS for an intuitive and responsive user interface.
- Integrated weather APIs to fetch real-time data and display current weather conditions, forecasts, and more.
- Stack: Django, HTML, CSS.

### House Rent BD-A rental website | [Link](#)

House Rent BD is an online house rental platform designed to simplify property listings, tenant searches, and rental management through a seamless user experience.

- Built a scalable backend with NextJS and frontend with Nextjs, ensuring high performance and maintainability.
- Implemented JWT authentication for secure user registration, login, and role-based access control.
- Developed an admin panel API for property management, user verification, and reports.
- Stack: NestJS, Typescript, PostgreSQL, JWT Authentication, Nextjs.

## PROBLEM SOLVING

- Solved 150+ problems at [codeforces.com](https://codeforces.com) and 100+ additional problems across various competitive programming platforms.
- Ranked among the top 15 participants in the AIUB Programming Competition 2024 and ranked as one of the Top 10 programming teams at AIUB, solving two problems in the ICPC Asia Dhaka Regional Online Contest 2024 ([Certificate](#)).

## EXTRA CURRICULAM

- Campus Ambassador at Locus and Creative Wings and volunteered in organizing events and teaching kids about software and coding.
- Members of the AIUB Competitive Programming Club participated in offline and online problem-solving contests.
- Semi-professional cricket and football player, U-14 national cricket captain, marathon runner, and multi-sport athlete.
